

spiritism

written by Alfred Persson | September 28, 2000

Throughout this blog "Spiritism" is expansively defined as any contact with demonic spirits or Satan in any manner, whether by dreams visions voices or other telepathic means. Included are all paranormal new age and occult phenomena. As it is impossible for the living to speak to the dead, demon spirits disguise themselves as such, it is expressly condemned in scripture. All contact with evil spirits is an abomination and renders one liable to the fires of Gehenna, name blotted out from the record of the Israel of God.

"My hand will be against the prophets who envision futility and who divine lies; they shall not be in the assembly of My people, nor be written in the record of the house of Israel, nor shall they enter into the land of Israel. Then you shall know that I am the Lord GOD. (Ezek. 13:9 NKJ)
